FIBRE OPTICS IN HARSH ENVIRONMENTS CONFERENCE

FOHEC

Fibre Optics in Harsh Environments Conference

In recent years fibre optics have seen substantial growth within the harsh environment market sector, with European industry often leading the way. The Fibre Optics in Harsh Environments Conference is designed to ensure industries in this market sector stay up-to-date with current practices and recent developments in the market place.

What topics will be covered?

- Design Tools
- Repair and Maintenance
- Current Applications
- Testing and Validation
- Platform Experiences
- Training
- Future Technologies
- Systems Integration

Who should attend?

The conference is suitable for all people who have an interest in fibre optics in the harsh environment and presents excellent networking opportunities.

What does it cost?

The conference is **free** to all attendees!

How do I register?

All you need to do is pre-register by **April 21st 2009** by sending an email with your name, job title, company and telephone contact to registration@fohec.co.uk. We will then send back a confirmation email. Numbers are restricted so please book early to avoid disappointment.

Where is it?

The conference is being held in 'The Auditorium' at the 'Fleet Air Arm Museum' in Somerset. For further travel information please visit <http://www.fleetairarm.com/findusindex.htm>
